## Holidays in January

January is the perfect month to go to Mexico on holiday. The weather is wonderful. It's the best time of year, not too hot, not too cold, but the temperature can change a lot in just one day. It can go from quite chilly to very warm, so you should perhaps bring a jacket but you don't need any thick winter clothes. The capital city of the country is Mexico City. It is the most populated city in the world. It has got beautiful old historic buildings, green parks, museums and an exciting nightlife. Mexico City is a difficult city to drive in because of the heavy traffic. The city's fantastic metro network, however, has 11 lines and is very cheap. There are hundreds of buses, trolleybuses and peseros (minibuses), too. In their free time, Mexicans shop at colourful street markets. They also enjoy going to the cinema and theatre. They even have street parties. Football and horse racing are the most popular sports.

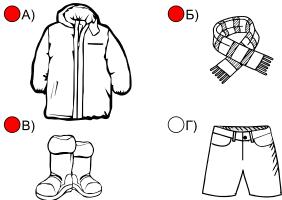

Mexicans are proud of their history with Mayan and Aztec temples. You should visit some of them in the country. But you should also go to the coast. There are beautiful beaches and Acapulco in the most famous holiday resort.

You don't need a lot of money to enjoy your holiday. There are lots of good cheap hotels and restaurants, and of course you must visit the markets. You can buy all kinds of pottery and things quite cheaply. Mexicans have wonderful fruit and vegetables. They have one hundred different kinds of pepper. You should try tacos, which are a kind of bread filled with meat, beans and salad.
