

I. READING

Today we would like to give some advice to the tourists who come to London and want to use public transport.

London's public transport system includes the tube and the busses. Public transport is more expensive than that in many cities in Europe. Short trips are relatively more expensive than the longer journeys; it is rarely worthwhile taking the tube to travel just one stop.

The most economical tickets are Travelcards, daily, weekly or monthly passes that allow unlimited travel on all forms of transport in the zones you want. London is divided into six bands, called travel zones, which extend from the city centre into the outer suburbs. Most of London's main sights are located in zone one.

Travelcards can be bought in train or Underground stations. For weekly and monthly tickets, you need a passport-sized photo for a Photocard. One-day Travelcards cannot be used before 9:30 a.m. from Monday to Friday and after 11:30 p.m. on any day. There are no restrictions on when you can use your weekly or monthly Travelcards.
